Key Dates

Friday 26 March 2021	Last day of term
Monday 29 March—Friday 09 April 2021	Easter Holidays
Monday 12 April 2021	Staff Training Day
Tuesday 13 April 2021	All pupils back in school

MESSAGE FROM THE PRINCIPAL

Dear Parents and Carers

Whilst staff and pupils have continued to settle back into school this week, the on-site testing process has been concluded. This was an enormous logistical exercise: for pupils alone, 3152 tests were performed over nine days and they handled this extremely well. Once again, a huge 'thank-you' to our volunteers for all their help with this process, and for staying after their shifts yesterday to help put the sports hall back to rights, ready for lessons today.

Home Testing

On Sunday, you will receive your email invitation to log into the Test-Register app to record the results of your child's first test at home and the twice-weekly tests after that. This is a simple process and the children are very familiar with how to self-administer the swab tests. We are now dependent on our families participating in this process, as per the information sent yesterday, in order to keep school as safe as possible from any further Coronavirus infection. Please do support us by doing this.

Year 11 Assessment

CamVC staff, led by Ms Gildea, have been working with the Trust and our partners in other secondary schools to establish our assessment process for Year 11 students this summer and details have been sent to Year 11 parents this afternoon. Staff will use already-completed assessments, supplemented by further work and assessments over the next half term, to produce a grade for each subject which is based on a holistic and carefully moderated process.

The Department for Education have published a large collection of [guidance providing information for parents and carers](#) of children attending early years settings, schools and colleges during the coronavirus (COVID-19) pandemic. The Covid 19 hub on our school website is also frequently updated: <https://www.cambournevc.org/COVID-19/> If you have concerns about any aspect of your child's return to school, please contact your Year Team in the first instance.

There is a great deal of information in the rest of this bulletin, including details of many opportunities for your children. Please do take a few minutes to read through this.

I hope you all have a very pleasant weekend.

With all good wishes and take care,

Claire Coates

Attendance

ATTENDANCE MATTERS

6 days or less
absence per year
97% or above
**VERY GOOD
THIS IS YOUR
TARGET**

Between
7 and 19 days
absence per year
90% - 96%
**BELOW
EXPECTATIONS**

More
than 19 days
absence per year
Under 90%
**POOR
ATTENDANCE**

ABSENCE REQUEST

To notify us of any planned absences, please visit the [Absences](#) page on our website and submit an Absence Request Form, with 2 school days' prior notice for this to be reviewed for authorisation.

APPOINTMENTS

We strongly encourage parents to make medical and dental appointments out of school hours where possible. Where this is not possible, pupils should be in school prior to/after the appointment and out of school for as little time as possible.

Missing registration AM or PM for a medical or dental appointment is counted as an authorised absence and advance notice is required for authorising these absences.

Please notify Reception of when an appointment is and the timings that the pupil will not be in school by emailing thecollege@cambournevc.org.

If we do not receive prior notification to a morning absence, we will contact home and the absence will only be authorised on proof of the medical appointment upon the pupil's return.

When leaving for an appointment, the pupil must sign out at Reception and be collected by their parent or carer, and they must sign back in when they return.

**COMIC
RELIEF**

**RED
NOSE
DAY**

**FUNNY IS
POWER**

**FRIDAY 19TH
MARCH 2021**

Red Nose Day is back on Friday 19th March and this year it's never felt more important to have some fun and raise money to support people living incredibly tough lives. We need the power of funny to turn laughs into lasting change.

We have 80 'Red Noses' for sale on a first come, first serve basis. Hurry and get yours now!

They need to be purchased on ParentPay and then, they will be delivered to you during the school day. They cost £1.50 each.

Thank you very much!

RED NOSE DAY IS BACK, AND WE'RE GETTING INVOLVED

HELP US RAISE LOADS AND CHANGE LIVES

Meningitis ACWY and Tetanus, Diphtheria & Polio Vaccinations for all Year 9 Students – Wednesday 14th April

Vaccinations will take place on Wednesday 14th April for all Year 9 students. Year 9 parents – if you have not already completed the consent form, please view the message sent on SchoolPost on 4th March and access the online consent portal by 7th April.

Please contact the Immunisation Team with any questions on 0300 555 5055 or at ccs-tr.cambsimmsteam@nhs.net.

Human Papilloma Virus (HPV) Vaccinations for all Year 8 and catch-up HPV Vaccinations for invited Year 9 students – Thursday 13th May

HPV vaccinations will take place on Thursday 13th May for all Year 8 students, and catch-up vaccinations will take place on Wednesday 14th April for some Year 9 students. If your Year 9 child missed the previous vaccination you will have received a message in SchoolPost regarding this. If you have not already completed the consent form, please view the message sent on SchoolPost on 4th February and access the online consent portal.

Please contact the Immunisation Team with any questions on 0300 555 5055 or at ccs-tr.cambsimmsteam@nhs.net.

Meningitis ACWY and Tetanus, Diphtheria & Polio Vaccinations – final catch-up session for invited Year 10 students – Wednesday 30th June

If your Year 10 child missed the previous vaccinations you will have received a message on SchoolPost regarding this on 17th March. The catch-up vaccinations will take place on Wednesday 30th June for invited Year 10 students only. **Please note that this is the last opportunity to consent for these vaccinations.** If you have not already completed the consent form, please view the message sent on SchoolPost and access the online consent portal asap. Please contact the Immunisation Team with any questions on 0300 555 5055 or at ccs-tr.cambsimmsteam@nhs.net

PSHE Curriculum

Due to the period of national lockdown that took place this term, it was necessary for the planned PSHE curriculum (and catch-up curriculum) to be altered to ensure appropriate topics for remote learning were taught in this time period. As such, the updated curriculum plan for the 2020-2021 academic year can be found [here](#)

Please note that the Relationships and Sex Education topics that were due to be taught at the start of the term have been moved back and these will begin in lessons over coming weeks.

If you have any questions please do contact your pupil's form tutor or Lucy Durrant, Head of PSHE- ldurrant@cambournevc.org.

RSE Policy

As you may be aware from previous communication we are required to deliver Relationships and Sex Education and Health Education as part of our PSHE lessons. RSE and Health Education are very large topics. RSE includes learning about families, respectful relationships (including friendships), online and media, being safe and intimate and sexual relationships (including sexual health). Health Education includes mental health, internet safety, healthy lifestyles, drugs, first aid and puberty. I am very grateful for the support and suggestions that was provided by parents during the consultation for our RSE policy during September and October, this was most valuable.

There were some suggestions and comments made specific to individual circumstances although others relate more widely to the policy and lessons taught and I would like to share some responses to these for all parents to see:

- Our curriculum very carefully follows the statutory and suggested guidance on the content of what should be covered in PSHE and RSE.
- The lessons that we deliver are built on respect and teaching pupils about having respect for themselves, their peers, their families, and the wider community.
- We actively encourage trust and respect in all relationships in our lessons and we regularly suggest that pupils talk to adults at home and build trust in this relationship.
- We are aware that a number of our feeder primary schools did not cover the suggested RSE content with pupils. We are working to support catching this up with pupils in school but would appreciate and encourage your help with this by discussing body parts, personal hygiene, appropriate and inappropriate touch and staying safe online and in face-to-face situations with your pupils at home.
- A small number of topics are taught to pupils in single sex groups where it is felt that this may allow pupils the confidence to ask questions they may not ask in a mixed gender group; for example menstrual cycles. Careful consideration is taken to ensure all pupils feel comfortable with this.
- In all of our PSHE and RSE lessons we aim to be inclusive and we do this by presenting a range of views, backgrounds, values and beliefs. We highlight issues and inequalities and discuss these during our lessons, modelling and guiding inclusion with our pupils.
- Mental health is covered throughout both KS3 and KS4.
- Abuse and manipulation in relationships is taught at age-appropriate levels.
- We are aware that different religious beliefs hold different opinions regarding elements of RSE and these are incorporated into lessons and considered by staff during delivery. We teach that entering into all relationships is a choice rather than an expectation.
- Advanced warning of external visitors will be provided to parents via the bulletin. They will only be used when these are appropriate to the curriculum.

We do not use or reference any materials by the group Mermaids in our teaching.

A number of requests have been made for additional information to be provided that can be used by parents to support conversations at home. I am compiling a list of useful websites and once this is complete, I will share it with you via the bulletin and school website.

Our RSE policy is available on our website to view as well as a selection of sample RSE lessons for different year groups. If you have any questions about our RSE policy or PSHE in general, please contact Mrs Lucy Durrant- ldurrant@cambournevc.org.

PE KIT REMINDER

When we return to school, all pupils should be coming to school in their full PE kit on the days they have their PE lessons.

- If they have their PE lesson P.1-4 then they should also bring in their school uniform.
- All PE lessons will be outside on return so students should ensure they dress appropriately and bring in enough layers to keep warm. However their top layer must be a CamVC PE kit layer.
- Students can wear hats and snoods but gloves are activity dependent due to health and safety regulations.
- Footwear must be a pair of sports trainers and not the same pair they are wearing as their school uniform. Air Force 1s are not advised due to the lack of support that they give to children's developing feet muscles.
- Students will most likely still be going outside for their PE lessons even in adverse weather. Students will be permitted to wear a raincoat in this situation.
- To reiterate health and safety guidelines, students should be removing all jewellery (including earrings for their PE lessons and have long hair tied up.

Students are strongly advised to be wearing masks in the changing rooms.

Snoods for grabs! Click here:

United for Cambridge Virtual Sleepout - Story Writing Competition Launch

We are looking for talented young authors to write a bedtime story for The United for Cambridge Virtual Sleepout event on **Friday 26th March**. This an amazing opportunity to showcase your creative talents and be in with the chance of winning a heap of great prizes. Best of all, the two winning stories will be broadcast to everyone taking part in the Sleepout!

The Cambridge United Virtual Sleepout is a fundraising event (which you can take part in too!) supporting two local charities - Wintercomfort and Cambridge United Community Trust to raise money and awareness to help people facing homelessness in Cambridge.

We'd love your story to be set in Cambridge, and could even be about the theme of homelessness, although it can be about anything at all. More information can be found on this [link](#).

Opportunities

EasyA Tutoring: Free Maths and Physics Mentoring; open to all years

We have been asked to share this opportunity with our school contacts, a source of online mentoring for Maths and Physics, which is free for state school students. Please see their website and get in touch with them for more information: <https://easya.io/colet-mentoring/>

Robinson College: BAME Student Life webinar, Saturday 20 March, 1-2pm; open to all years, but will be most relevant to Year 11 and Year 12 students

A webinar panel of current and recently-graduated BAME (Black, Asian, and Minority Ethnic) students will discuss their experiences of student life at the University and at Robinson College. The session will explore both general student life, as well as experiences specific to students from BAME backgrounds, with discussion chaired by the current Robinson Students' Association BME Officer. A member of the Admissions Team will be present to answer any admissions queries. Sign up here: <https://cambridge.eu.qualtrics.com/jfe/form/SV>

Downing College: Year 9 University Taster Webinar, Wednesday 24th March 4:30 – 5:30pm; open to year 9 students and covering Cambridge student life and future options.

Information and sign up here:

<https://www.dow.cam.ac.uk/outreach/year-9-university-taster-webinar>

Downing College invites Year 9 students across the UK to take part in a webinar to help them think about their future. Students attending the webinar will have the opportunity to find out about the University of Cambridge and explore what opportunities are available for them in the next few years. The aim of the webinar is to encourage students to think about higher education and what they can do now to support their future. A member of the admissions team and current undergraduate students will be running the webinar, and they will be happy to answer any questions students may have about Cambridge.

St Catherine's College and Brasenose College, Oxford: Webinar Series, Various Dates from March to July; open to year 10 and 11 students

The webinars will cover topics such as post-16 options, Oxbridge life, and mental wellbeing.

More information and sign up here:

<https://www.caths.cam.ac.uk/outreach/year-10-and-11-webinar-series>

Kathryn Singleton and Joe Organ (Schools Liaison Officers at the two Colleges) will be delivering sessions with Oxbridge academics and students to:

- Introduce key ideas about Higher Education and making post-16 decisions
- Offer advice on how to research university and course options
- Provide information on the finances involved in attending university, addressing school students' concerns honestly and openly
- Outline life and learning at Cambridge and Oxford, breaking down some common myths
- Provide strategies for looking after mental wellbeing

Offer advice for making strong post-16 subject choices

Robinson College: Women in Science Festival Monday 19 April – Thursday 22 April

Age: Year 11 and Year 12

Robinson College's annual Women in Science Festival will take place online for the first time this year, open to female Y11 and 12 students at UK schools. Various sessions will take place live afterschool or as pre-recorded releases each day, with content including subject taster lectures across various scientific fields, information on the application and admissions process to the University, an opportunity to hear about student life as science student. There is also a chance to develop your science communication skills by taking part in our science poster competition.

Sign up here: <https://cambridge.eu.qualtrics.com/jfe/form/SV>

Opportunities

Robinson Access Programme (RAP)

Deadline for registration: 1 April

Age: Beginning in Year 11 and continuing into Year 12

The Robinson Access Programme is designed to encourage and support students to apply to highly-selective universities. RAP is a free online programme that consists of monthly sessions for Year 11 students, intended to continue into Year 12. Sessions will introduce students to what university is, how it works, and what it's like to be a student, alongside content designed to develop independent study skills.

Sign up here: <https://cambridge.eu.qualtrics.com/jfe/form/SV>

What is RAP?

RAP is an online programme for Year 11 students who are interested in learning more about university. You don't need to be certain that you'll go to university to take part, and you don't need to know which universities you want to go to. RAP will later focus in on selective universities in the UK, but the skills and knowledge will be relevant for all students and all universities.

How does RAP work?

The programme will consist of monthly online sessions held over the rest of the school year, beginning in April and running until July. They will mainly be held via Zoom webinar, but there may also be pre-recorded video content and interactive sessions. You will also have the opportunity to develop your knowledge and skills through independent research or self-reflection challenges, as well as access to a Moodle forum to discuss these with other RAP participants. These sessions will introduce you to what university is, how it works, and what it's like to be a student, alongside content designed to develop your study skills.

The Cambridge Festival (26 March – 4 April 2021) is a great way of exploring the research taking place at the Cambridge universities and their departments. All of the events are free, and all are accessible online. A full list of Festival events can be found at the Cambridge Festival website: <https://www.festival.cam.ac.uk/>

Why take part in the Festival?

Exploring subjects that you're interested in outside of school is a great way of working out what you might want to do or study in the future. If you're thinking about going to university, then it's also a really important way of showing universities that you're passionate about the course you're applying for. We call this 'super (or supra)-curricular' exploration, as it goes beyond what you study in school.

The Festival is a great way to try this out – either with a subject you're already interested in, something you think you might want to study in the future, or something completely new!

NCS this summer?

The **NCS (National Citizen Service) programme** offers young people in Year 11, a once in a lifetime opportunity to do something meaningful with their summer break, as well as a chance to develop skills, have fun and take on new challenges that will set them up for adult life. They'll also do something good for their local community, carrying out a project to support a cause they care about. Last summer, teenagers on NCS donated 200,000 hours of their time to help rebuild their communities after the first lockdown, showing what a difference young people can make when they work together towards a goal. We've seen what an amazing feeling of accomplishment and increased confidence this brings.

This summer it's your teen's turn!

They can choose to participate in a 2 or a 3 week programme. During both programmes they will:

- ◇ Meet new people
- ◇ Try new things
- ◇ Give back to their local community
- ◇ Practise adult life
- ◇ Develop their skills and confidence
- ◇ Generate experience for their university application, job/apprenticeship interview or CV and more!

The difference between the 2 and 3 week programme is that on a 3 week programme the first week is a residential. Your teen will stay away from home from Monday to Friday at an activity centre. Whereas on the 2 week programme both weeks are based in the local area and your teen will attend daily.

This summer, we've got two start dates you can choose from:

- WAVE 1: Monday 05 July
- WAVE 2: Monday 02 August

Please watch the presentation via the following link:

<https://youtu.be/CChbFNafByc>

Parents/carers can register their teen's interest via:

wearencs.com

Cambridge Children's

Cambridge Children's Hospital Competition

The Combs Youth Panel is a group made up of young people aged from 13 to 18 who have been tirelessly supporting young people in our region through the Covid crisis with the distribution of computers and technology since March 2020.

The panel has collaborated with the team behind Cambridge Children's Network, which is made up of children, young people, families, and carers who want to help develop the new Cambridge Children's Hospital.

This will be the first EVER children's hospital in the East of England. It will offer a unique 'whole child' approach, where mental and physical health are treated together. It will also be a centre for world class research. Members of Cambridge Children's Network will combine with the project leaders to decide how the hospital looks and the care it provides before it opens in 2025.

We are incredibly proud to support the Cambridge Children's Hospital project by offering this competition prize.

We are asking your students to develop a logo for Cambridge Children's Network, giving it a real sense of identity and purpose.

If your son or daughter succeeds in designing the logo chosen by the team, they will win a desktop gaming PC worth more than £800 (see photo).

This computer is equipped with an AMD Ryzen 5 motherboard and 3.6 ghz processor. It has a NVIDIA 1050 TI graphics card, 8gb of RAM, a 24-inch super flat widescreen monitor, and comes with a Huion graphics tablet, plus RGB keyboard and mouse. It really is a super prize.

All your son or daughter has to do is visit this link: [Click Here](#)

Our panel member, Molly, has prepared a YouTube video which tells them exactly what they have to do and how they can submit a competition entry for free!

The competition is open to any child aged 11 – 16 years old and closes on the 2nd April 2021.

The winner will be announced shortly afterwards once the independent judging panel has decided the winning entry. Runners up prizes (Amazon vouchers) will be awarded.

Join us for a series of
free online history
lectures

The lectures are **open to all** and will be hosted via
Microsoft Teams

FREE LECTURE PROGRAMME

Thank you to all of our generous speakers for contributing to
this programme!

Tuesday 23rd March 4-5pm: **Joe Stanley, Sheffield Hallam
University: *Strikes, Food Riots, and Living Standards in the
Yorkshire Coalfield 1786-1801.***

Follow us on Twitter @historic_all for dates and updates

For more information contact:
jangel@cambournevc.org

For this academic year, all lectures will be online and shared via Microsoft Teams. Details about how to join the events (free of charge) will be available via the school website and via [Twitter: @Historic All](#) - Our monthly scheduled lectures will continue from March.

The aim of these lectures is multifaceted: they expose our students and the wider community to academics and scholarly debate, and they are intended for History teachers to continue to build subject knowledge, but most importantly they foster a love and interest in the subject. This also fits in with our wider school remit of being a Village College, inspired by the ideas of Henry Morris, in which schools should act as a community hub and that education is a lifelong process. Everyone is welcome- spread the word!

Thank you for all your help and please do get in touch if you have any questions.

Maths

What fraction of this square is shaded?

With thanks to the Mathematical Association

Hypatia of Alexandria (360AD – 415AD)

Hypatia was the first known female mathematician.

Her most well known work was related to Diophantus's Arithmetica and simultaneous equations.

She became a martyr after her work and beliefs conflicted with many others of different beliefs. Her death marked the end of centuries of Greek progress in Maths.

It was not until after the Renaissance that another woman, Maria Agnesi, made her name as a famous mathematician.

Have you seen some maths in everyday life?

Have you seen a geometric natural phenomenon?

Email **Miss Pickett** with your pictures to be in with a chance to be entered into a competition!

Mathematical Magic — Predicting Age

- 1) Choose a number between 2 and 10
- 2) Multiply the given number by 2
- 3) Add 5 to your answer
- 4) Multiply by 50
- 5) Have you celebrated your birthday yet?
 - a) If they have, add 1767
 - b) If they haven't, add 1766
- 6) Subtract the year you were born
- 7) Look at your final answer

The first digit is your original number, the last two digits is your age!

Try it on your friends and family!

Enter the answers to the sums below into the matching squares on the numbered grid

Clues Across

Clues Down

- 1: 191×2
- 3: $1327 + 2404$
- 5: 50% of 480
- 7: 6×7
- 9: 424 divided by 4
- 10: $1986 + 2971$
- 13: A quarter of 5056
- 15: 41×5
- 16: 75% of 76
- 18: $953 - 547$

Staying Safe

Combined Minds

COMBINED MINDS APP

Combined Minds is an app for parents and carers developed for teenage mental health charity Stem4 by Clinical Psychologists. The app aims to help families and friends support young people with their mental health.

Combined Minds use a 'strength based approach' which focuses on the positive attributes of the person and builds on resourcefulness and resilience. The app helps families to find ways to provide the right environment to help individuals they support affect their own change.

The app includes providing further information on certain needs such as anxiety and digital addiction as well as offering ways of accessing further help and useful suggestions of 'things you can do in the moment' to help support the young person.

More information can be found through the Combined Minds website at <https://combinedminds.co.uk/>

TEAMS | ONENOTE

Microsoft Teams, Teams assignments, and OneNote are becoming increasingly more central to the way we are providing and receiving work. Below are some resources to help you support your children with these services.

Click here for a guide to handing in Teams Assignments:

https://catrustorg.sharepoint.com/:b:/s/CambourneVCPublic/EckeB-WkJX1NoaAciPBjAScBG_cU4zuSmd0A0WEUDyO-Fw?e=OgjANx

(if you prefer, your child can access the same videos through their school account [here](#))

Library services

After School

Year 11 After School Revision Sessions

The School Library is resuming the after school revision sessions for Y11 pupils every Tuesday after school from 3 to 4:30.

They are welcome to do revision or homework, use a computer for research or to come just for some quiet reading. Please note that they will be expected to work independently.

Those who would like to attend need to sign up in advance using the online signing-up form that can be found on the Y11 section on The CATalogue or via this [link](#).

The spaces are limited, and they are allocated on a first come, first served basis, but behaviour and attitude could also be taken in consideration. Pupils will need to enter the Library using the fire door in the Y7 social area and they will need to sanitise their hands when entering and leaving. **When browsing for books, it is compulsory to wear a face mask.**

After School Access to the School Library for pupils in Years 7, 8, 9 and 10

Starting on the week beginning 15th March, the school Library will be open after school from 3pm until 4pm for pupils in Years 7, 8, 9 and 10 on the following days:

Monday	Wednesday	Thursday	Friday
8	9	7	10

Pupils are welcome to do homework, use a computer for research, look for books or to come just for some quiet reading.

They can enter the Library from the Year 7 social area using the fire door and they will need to sanitise their hands when entering and leaving.

When browsing it is compulsory to wear a facemask. Depending on the number of pupils accessing it, we could limit the time they can spend inside.

BOOK RECOMMENDATIONS

The Girl with Space in Her Heart by Lara Williamson

Mabel Mynt knows a lot about space...like how we feel connected to the stars because we are all made of stardust. And that Mum's new boyfriend, Galactic Gavin, has eyes that twinkle like Sirius, the brightest star in the night sky. And that sometimes the perfect place for her sister Terrible Topaz would be a black hole. But Mabel doesn't know how to fill the space in her heart that Dad left when he walked out. And so she sets out on a mission of discovery... A heart-warming and hilarious story about learning that love is never lost and change doesn't have to be scary.

(Available from the School Library and on SORA)

You Are Dope: Let the power of positive energy into your life by Ovie Soko

Whatever's happened before is in the past. Just do your thing. Don't fight yourself, because that will make you more frustrated than anything. At the end of the day, it's the small gestures that speak the loudest. Ovie Soko won hearts all over the world during his time on Love Island UK with his openness and wise insights. Now, he has a message for everyone: YOU ARE DOPE. You, yes, YOU, are exactly where you're meant to be right now. You're ready for what life is going to throw at you and you're ready to embrace life in all of its glorious complications. This book will help you find your way to peace and teach you to cherish the small moments that are a part of our big lives. Most importantly, it will show you how to love who you are right now and embrace who you are going to be.

(Available from the School Library)

ARTICLES

Students have access to a Teams channel of articles that school staff have chosen as being particularly interesting.

If your child is looking for something to read, there is a continually-updated selection – they'll fit nicely into the reading time each day, and offer something current to learn more about.

Find it here: [Recommended Articles](#)

Thank you for supporting your children's return to school by sending them back in such smart uniform. A PE Department hoodie may still be worn inside as an extra layer for any pupil who finds classrooms cool under current ventilation arrangements.

Families who find it difficult to afford school uniform at any time should contact their Year team admin (details below), in complete confidence, so that a way forward can be found.

Year 7 – Louise Boyd cam-year7@cambournevc.org

Year 8 – Melanie Stanford cam-year8@cambournevc.org

Year 9 – Kayleigh Blane cam-year9@cambournevc.org

Year 10 – Julia Hewitson cam-year10@cambournevc.org

Year 11 – Louise Ramsay cam-year11@cambournevc.org

Our up-to-date uniform policy and suppliers can be found on the [school website](#).

Thank you.

FREE deliveries to the College have now been reinstated by SWI. Items delivered to the College will be available for your child to collect from their Year Team office.

SecondHandUniform

If you would like to check our second-hand uniform availability, please complete the form below to submit your enquiry.

[Second-Hand Uniform Request](#)

Please allow 48 hours for a response.

If your child has **lost an item of uniform**, please ask them to check with their **Year team office** in the first instance, or please **email thecollege@cambournevc.org** so that we can arrange for your child to check our unnamed items.

If your child needs a coat/jacket and would like to look through our unnamed items to find something suitable for them, please ask them to go to their Year team office or email the College.

Rapid Covid-19 Home Testing Kits for households with children

Help us keep coronavirus out of school

Take part in twice weekly rapid Covid-19 home testing

Households with school-age children can now test themselves twice a week from home using rapid Covid-19 home testing kits.

With up to one in three individuals with coronavirus showing no symptoms, it means some can potentially spread Covid-19 without knowing it. Regular testing of people who are unable to stay at home and don't have symptoms means that people with Covid-19 can be detected early and can self-isolate.

As children and young people return to the classroom, we need to be sure that potential Covid-19 cases are found as quickly as possible and that measures are put in place to prevent them from spreading throughout the school community. Although cases are declining generally, we all need to continue to play our part to keep the virus under control and ensure children and young people can remain in education.

Rapid Covid-19 home testing kits will be available for asymptomatic:

- adults living in households with primary and secondary-age pupils, including their childcare and support bubbles;
- school staff and adults working in the wider school community, including bus drivers and after school club leaders, as well as members of their households.

Testing is for adults only. Secondary school and college pupils will also undertake regular testing which will be provided via their school or college. Primary school pupils are not being offered rapid testing at this time but parents and carers should access a PCR Covid-19 lab test for them via the national booking system if they develop symptoms.

To find out where you can **collect** home test kits, visit:

<https://find-covid-19-rapid-test-sites.maps.test-and-trace.nhs.uk/>

If you are unable to collect, you can order online to be **delivered to your home**:

<https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests> or by calling 119.

You do not need to book an appointment or provide ID to collect your home testing kits. Each test kit contains seven lateral flow tests and instructions. You can get up to 28 tests at a time depending on the size of your household. The test usually involves taking a sample from your throat and from your nose, using a swab. You can get a result in 30 minutes.

Rapid tests don't identify all cases of Covid-19, so if your home rapid Covid-19 test is negative, it's vital you continue to follow government guidelines of social distancing, wearing face coverings and sanitising hands. If the test is positive, you should inform your child's school or college and self-isolate immediately with the rest of your household. You will be required to take a lab PCR Covid-19 test to confirm the result – you can book this at: <https://www.gov.uk/get-coronavirus-test> or call 119. If you have coronavirus symptoms get a lab PCR Covid-19 test.

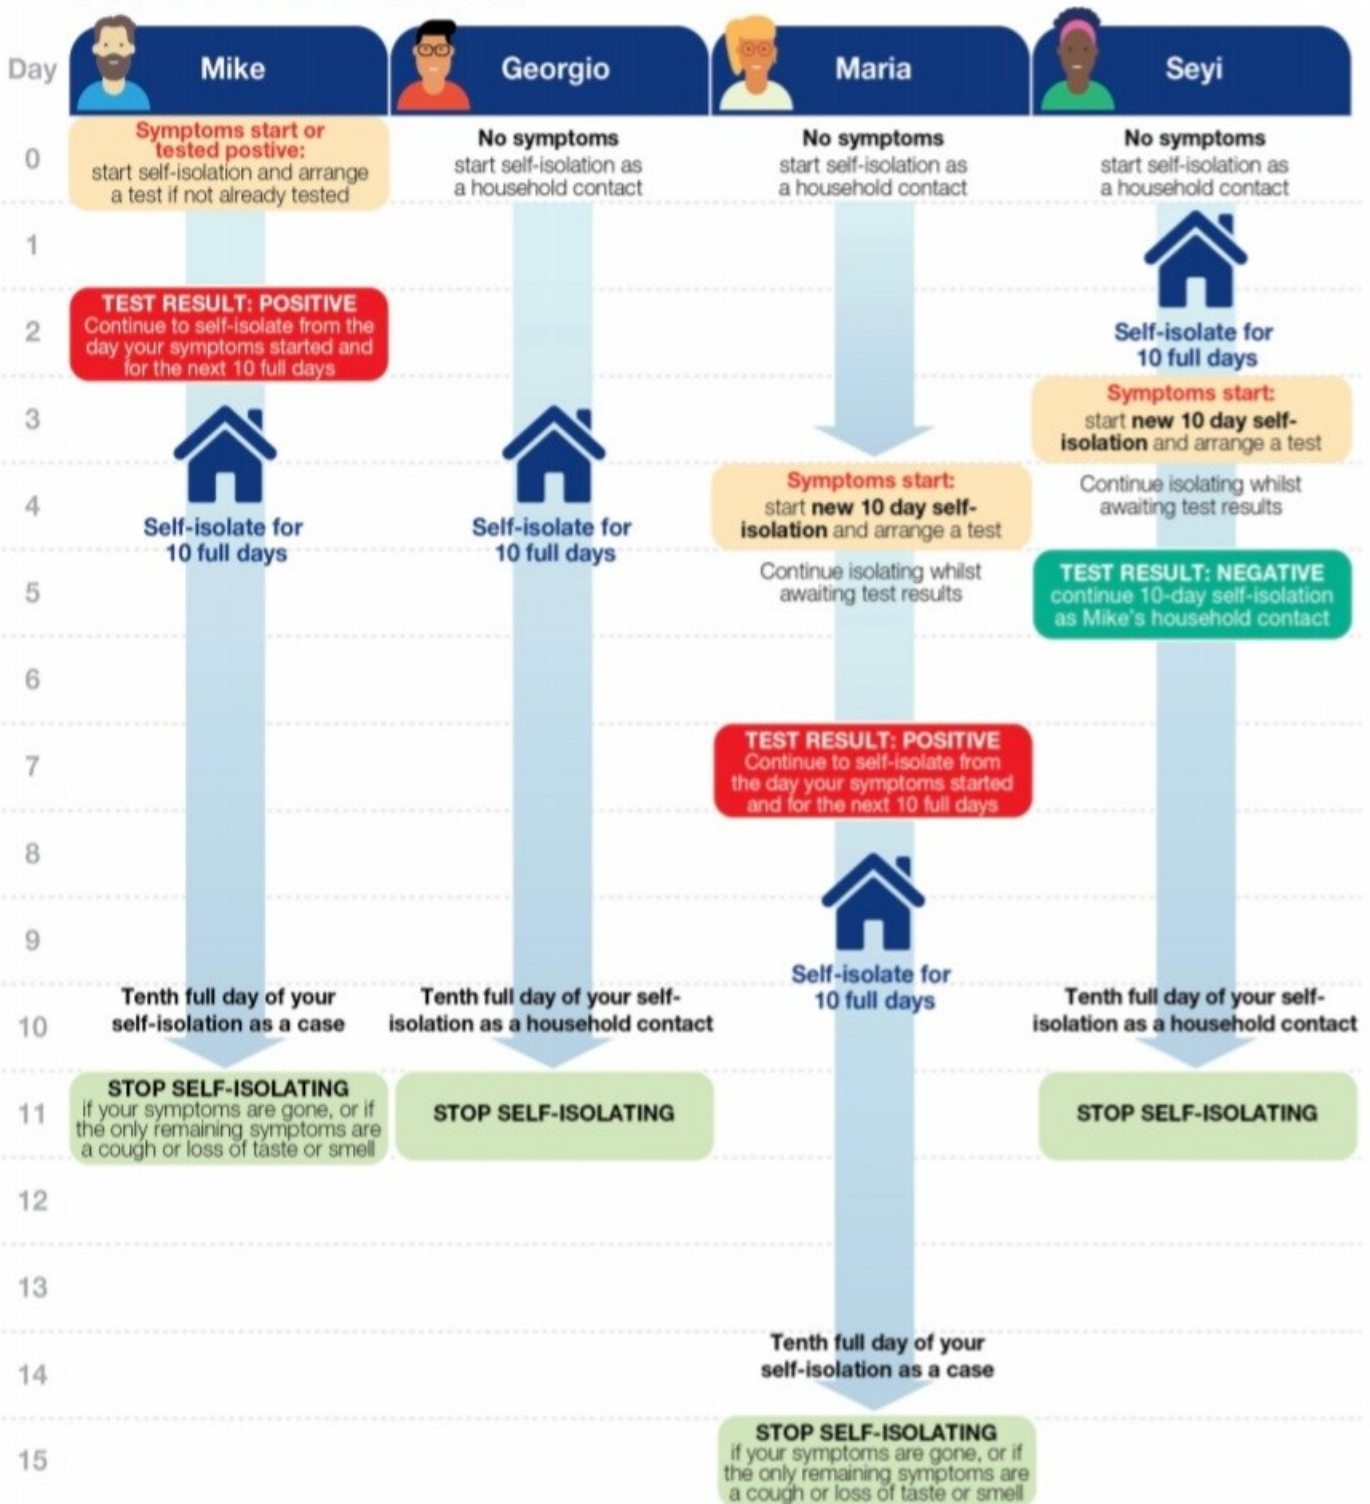

Help us **stop the spread** of coronavirus

Stay at home and self-isolate.

Please see [detailed guidance online](#).

Mike's household: In this example, Mike lives with Georgio, Maria and Seyi. Mike is the first case of COVID-19 in this household. He and everyone in the household begin self-isolating from the day Mike's symptoms start (or if he had no symptoms, from the date of his positive test).

Self-isolate for 10 full days.

You need to self-isolate from the day the first person in your household started symptoms and for the next 10 full days. If they did not have symptoms, self-isolate from the day of their test and for the next 10 full days.

To self-isolate means:

Do not go to work, school, or public areas and do not use public transport or taxis. Only leave your home to get to your test if you need to, observe strict social distancing advice and return immediately afterwards.
