Safeguarding

At Cambourne Village College we work hard to make sure that we build up positive relationships with the pupils in our care and we hope that we can support families in safeguarding your children.

What is safeguarding?

- Protecting children
- Preventing harm to a child

This includes a variety of different aspects. We are here to help your child make good choices but also support them if they make a mistake.

We work with individual students, their families and external agencies.

What do we do at CamVC to safeguard your child?

- **Staff are vigilant** – staff are very good at noticing small changes and listening to the concerns of those in our care. Tutors are well placed in this process, however all staff play an active role in this.
- **Designated Team** – we have a specific team of people working each day to address concerns raised by staff, pupils, parents and external agencies. This team works to make sure concerns are addressed and the appropriate support is advised
- **Pupil Voice** - we encourage pupils to speak to us or raise their concerns via the 'Report a Concern' button on their iPad

How can we help you?

If you have any concerns about your child or you would like any support, please contact us via cam-safeguarding@cambournevc.org

On the **week commencing 1st November**, all parents will have access to an **electronic online safety session delivered by ECP**. Access will be 24 hours a day for the duration of this week.

A link will be sent directly to all parents for access to the session which is 1 hour in duration. The session can be paused, fast forwarded and re-wound. Following the session there will be handouts of the presentation which we will share with parents.

Online Safety For Parents & Carers

Provided by a specialist from Education Child Protection Ltd.

What is covered in the session?

What children are taught about online safety (specific to their age)

Latest trends of what children are doing online

Details of the current 'apps' & games that children are using & playing

The issues & dangers children face online

How we can make children safer online

Details of what support is available for you & your family

What parents & carers who have had us deliver our sessions say...

"I thought it was well-paced, useful and well-delivered"

"Lots of clear information, well presented"

"Although I attended as a parent, I am also a teacher. I will be recommending that we hold a session like this for the parents at my school"

Our online safety sessions are regularly updated to reflect the ever-changing online world & with children using devices to access the internet well before they start school, we would encourage all parents & carers to attend!

The Kooth service, is running free online parent / carer information sessions.

Safeguarding note

When taking part in online events, it is important that students are always mindful of online safety. Whilst an appropriately trained adult will be present in each virtual meeting, not all representatives presenting will have an enhanced DBS as this is not a requirement as part of their job role. Presentations are recorded; as such, please be aware that any username used during the event may be visible to new viewers. It is recommended that full names are not used as usernames (either a combination of first initial and surname, or first name and initial of surname is preferred). There is an opportunity to engage with event representatives and ask questions during events such as these, all communication should take place via the prescribed chat functions, and only during the event itself and students accessing the sessions should be extra vigilant about disclosing any further personal, identifiable information.

PE Fixtures

There are a large number of fixtures that take place across the year and many pupils are selected for these based on the participation in clubs.

Parents should note that pupils will be selected and informed about fixtures prior to the event and given the timings of these and details about the location and what to wear. This information is displayed on the board outside the PE office for all pupils to see.

It is expected that it is pupils' responsibility to pass on this information to parents.

We therefore do not get written consent for every fixture each week.

If any parent does not agree with their child being selected and taken on fixtures in this way please contact the school to make alternative arrangements.

Parents (and visitors) attending sports fixtures

If any parent would like to come along to one of our PE fixtures and watch, they are more than welcome to do so **after 4pm**. If any parent arrives before 4pm, they will be politely asked to wait off site until 4pm. Parents should also note that there are no toilets available.

BOOK RECOMMENDATIONS

Purple Hibiscus by Chimamanda Ngozi Adichie

The limits of fifteen-year-old Kambili's world are defined by the high walls of her family estate and the dictates of her fanatically religious father. Her life is regulated by schedules: prayer, sleep, study, prayer.

When Nigeria is shaken by a military coup, Kambili's father, involved mysteriously in the political crisis, sends her to live with her aunt. In this house, noisy and full of laughter, she discovers life and love, and a terrible, bruising secret deep within her family. **(Available from the School Library)**

Black and British, A Forgotten History by David Olusoga

Drawing on new genealogical research, original records, and expert testimony, *Black and British* reaches back to Roman Britain, the medieval imagination, Elizabethan 'blackamoors' and the global slave-trading empire. It shows that the great industrial boom of the nineteenth century was built on American slavery, and that black Britons fought at Trafalgar and in the trenches of both World Wars. Black British history is woven into the cultural and economic histories of the nation. It is not a singular history, but one that belongs to us all. **(Available from the School Library)**

Reporting your Child's absence from school

We are experiencing a high level of notifications for pupil absence in the morning and our phonelines are very busy. The best way to report your child's absence from school is to email thecollege@cambournevc.org before 8:30am in the morning. Please use this email rather than contacting the Year teams or a member of staff directly, as this inbox is monitored all the time and other notifications may be missed.

Please email your **child's name along with their year group and tutor group** with a brief description of the reason they will be absent. Just reporting 'unwell' is not sufficient and this will need to be followed up by the Year team.

COVID

If your child has ANY Covid symptoms, a positive LFD or you are accessing a PCR test, then please report this to the College on thecollege@cambournevc.org. This will be dealt with by dedicated staff, and the year team notified of the pupil's absence.

Medical Appointments

If your child is going to be absent from school due to a prearranged medical appointment, we ideally need notification of this 2 school days in advance. Please email

thecollege@cambournevc.org with the date and time of the appointment and if

possible, a copy of the appointment letter/card. This will ensure the Year team and Reception staff are aware of your child arriving late / leaving early and the necessary arrangements can be put in place. If your child needs to leave early for an appointment, it is their responsibility to inform their teacher that they need to be excused early and to make their own way down to Reception. Members of staff are not expected to collect pupils from lessons.

All pupils leaving early for appointments need to be collected by a parent to sign them out through our main Reception.

Planned Absence Request

For any planned absence which is not a medical appointment, please complete a [planned absence request form](#). If possible, please submit this form two weeks before the absence. This will enable us to give you a response before the absence is taken. If a request for planned absence is not made, it is likely to be recorded as Unauthorised on your child's attendance record.

Changes to section 444 of The Education Act 1996 brought into effect in September 2013, remove the right of Headteachers to authorise term-time leave. Therefore all applications for leave in term time will be unauthorised unless there are exceptional circumstances which must be detailed in writing to the Headteacher at least 2 weeks prior to removal of the child from school.

COVID Testing - LFD testing

What is LFD

- Lateral Flow Device
- These are used for screening purposes only and should **not** be used if someone **is symptomatic**
- These tests are quick and easy to use at home and help to identify those who may have Covid-19 but aren't symptomatic

Why should my child take part in weekly screening?

- One third of infected individuals have no symptoms and unknowingly spread coronavirus infection. Community LFD testing is one method to help identify and then isolate those infected. This helps reduce the risk for others in the wider community who are more at risk of infection such as the elderly and those who have underlying health conditions, contacts that students and students families have outside of school.
- The government guidance for schools should you wish to read is <https://www.gov.uk/government/publications/guidance-for-full-opening-special-schools-and-other-specialist-settings/rapid-asymptomatic-testing-in-specialist-settings>
- LFD testing is voluntary, and we respect any decision surrounding this however we would like to encourage this as much as possible

The weekly process

- Pupils should test on a **WEDNESDAY** and **SUNDAY** each week
- Results should be entered into TestRegister at [TestRegister.co.uk](https://www.testregister.co.uk)

If your LFD test result is **positive** please isolate as a household and book a **PCR test** immediately. We will be notified that the LFD test results is positive (if using TestRegister). Please notify us of the PCR result via thecollege@cambournevc.org

Covid-19 symptoms

- If you or anyone in your household has: a continuous cough, loss of taste/smell or high temperature, **isolate as a household** and book a **PCR test** ASAP. You should **NOT** use a LFD test at this point.

Please let us know the details of this by emailing thecollege@cambournevc.org **making sure the full name of the student and their tutor group is included with the date, symptoms and the test undertaken.**

COMBINED MINDS APP

Combined Minds is an app for parents and carers developed for teenage mental health charity Stem4 by Clinical Psychologists. The app aims to help families and friends support young people with their mental health.

Combined Minds use a 'strength based approach' which focuses on the positive attributes of the person and builds on resourcefulness and resilience. The app helps families to find ways to provide the right environment to help individuals they support affect their own change.

The app includes providing further information on certain needs such as anxiety and digital addiction as well as offering ways of accessing further help and useful suggestions of 'things you can do in the moment' to help support the young person.
